What’s New at FHWA!

2014 County Engineer’s Workshop
Manistee, MI

Ted Burch
FHWA – MI Division
What is New?

Risk Based Stewardship and Oversight
- RBSO Overview
- RBSO and Local Agencies

Every Day Counts (EDC)
- EDC 2 In MI
- MI-State Transportation Innovation Council
- EDC 3
RBSO Overview

Risk Based Stewardship and Oversight

- MAP-21
  - Eliminate “Full Oversight” terminology
  - Risk Based Oversight

- Identify High Risk Projects
- Identify High Risk Programs
- Performance Measures coming
RBSO Overview

Program Involvement

Required Program Actions
Prescribed in Federal law and can’t be delegated

Risk-based Program Involvement
Strategic National Initiatives
National Program Stewardship & Oversight Initiatives
Division Program Stewardship & Oversight

Project Involvement

Required Project Actions
Prescribed in Federal law and can’t be delegated

Data-driven Compliance Assurance
Compliance Assessment Program (CAP)

Risk-based Project Involvement
Projects of Division Interest (PoDI)
Projects of Corporate Interest (PoCI)

Our Core Principles of RBSO

Risk-based: risk assessment is integrated throughout the performance planning process
Data-driven: decisions are grounded in objective data and information to the extent possible
Value-added: actions are taken with a primary objective of improving programs and projects
Consistent: actions are based on consistent approach to planning, risk assessment, and S&O
RBSO and Local Agencies

• **FHWA Project Oversight**
  – Compliance Assessment Program (CAP)
  – Projects of Division Interest (PoDI)
  – Project Stewardship & Oversight plans

• **LPA PoDI Identification**
  – FHWA and MDOT annually identify LPA PoDIs
  – Objective Selection Process
RBSO and Local Agencies

• All TIGER Projects
• PoDI Identification Considerations:
  – Projects with significant NEPA documents
  – Agency’s ability to design and construct projects
  – Agency’s experience with Federal-aid process
• 4-6 Local Agency PoDIs per year
EDC 2 in MI

- 3D Engineered Models
- Accelerated Bridge Construction
  - Bridge Slide in technology
  - GRS-IBS
- Locally Administered Projects
  - FHWA/MDOT/LPA Partnering Initiative
- High Friction Surface Courses
GRS-IBS in Ionia Co.
EDC 2 in MI

- **FHWA/MDOT/LPA Partnering**
  - Mark Van Port Fleet, MDOT
  - Ted Burch, FHWA
  - Denise Donohue, CRAM Executive Director
  - County Engineers (3)
  - MI Municipal League
  - APWA of MI
EDC in MI

• MI-State Transportation Innovation Council (MI-STIC)
  – Expanded to Innovation Deployment
  – Working Groups to be Established
  – Marketing Efforts

• SHRP II

• Open Houses Coming
