

2017 PASER Training – Final Session

Forward Conference Center

2980 Cook Road
West Branch, MI 48661

June 7, 2017

8:00 AM - 3:00 PM

7:30 AM Sign-in & Continental
Breakfast

This training will cover the material typically covered in both the webinar and the on-site session.

Every year, local agencies must collect Pavement Surface Evaluation and Rating (PASER) data on at least 50 percent of their paved federal-aid-eligible roads, and then submit the data to the Transportation Asset Management Council (TAMC). Agencies can also apply to the TAMC for grants to fund the data collection of paved non-federal-aid roads if they are trained.

The Center for Technology & Training (CTT) will be conducting a final rater training session on behalf of the TAMC in 2017. Raters who plan to evaluate federal-aid-eligible roads in 2017 must have attended one of the PASER Training sessions.

For fulfillment of continuing education requirements, participants must be registered. The Center for Technology & Training's continuing education policy is available [here](#).

Cost and Registration

Public agencies \$10.00

Private companies \$20.00

Register [online](#) or contact the Center for Technology & Training at ctt@mtu.edu.

The registration fee, travel expenses, and staff time associated with these training sessions are reimbursable through your agency's regional or metropolitan planning organization (RPO/MPO) as part of data collection.

Rater Certification

Raters who meet certification eligibility requirements will be notified by mail and can register to take the certification exam. Eligible raters must be registered for both the classroom session and exam prior to the event in order to take the exam.
