

# Materials Acceptance Process Seminar

Training topics for this seminar include:

- Overview of materials acceptance and definition of terms
- Material source list and guide
- “Buy America” criteria
- Associating materials to work items
- Basis of acceptance (e.g., tested material, tested stock, approved manufacturers/suppliers, general and test data certification, qualified products, visual inspection) and examples
- FieldManager® material acceptance, posting, and inquiries

## Presenters

**Jerry Anderson** worked as a materials technician at Wightman & Associates, Inc., from which he retired in 2018. He is also retired from the Michigan Department of Transportation (MDOT) where he served as the materials supervisor in the Materials Section.

**Fred Droski, PE**, has worked with L.S. Engineering, Inc. for the past 15 years. He works with MDOT let contracts as a project engineer, assistant engineer, office technician, and inspector. In partnership with RNS Consulting, he assists with FieldManager and FieldBook training.

**Bob Sheap** is president of RNS Consulting, LLC. He is retired from MDOT where he served as a computer unit supervisor in the Local Services Division. While at MDOT, he also served on the FieldManager® software development team. Sheap also partners with L.S. Engineering, Inc.

**Dennis Warren** works as a materials quality assurance analyst at MDOT. He maintains the *Materials Quality Assurance Procedures Manual* and the *Materials Source Guide*, and coordinates the new Materials Evaluation program.
