

MDOT LAP: Federal Aid 101 for Office Technicians

WEBINAR: Thursday, March 21, 2019 — 2:00 - 3:30 PM

Michigan's
Local Technical
Assistance Program

Equip yourself with knowledge for your federal-aid projects!

Certified office technicians play an integral role in performing project documentation duties via FieldManager and ProjectWise. This webinar will assist Office Techs in understanding and effectively using MDOT resources, including the Construction Manual, Material Quality Assurance Procedures Manual (MQAP), Qualified Products List, and Material Source Guide. Attendees

will learn why proper support documentation for material postings are imperative for proper payment. They will become skilled in understanding documentation requirements and utilizing feedback from interim file reviews in order to reduce end-of-project challenges associated with file review deficiencies. Attendees at this webinar will help you understand how to preserve federal and state aid on your project.

Presenters

Kelly L. Crannell | Channing Page | Michael Stoltz

MDOT LAP: Fed Aid 101 for Office Technicians

WEBINAR: Thursday, March 21, 2019 — 2:00 - 3:30 PM

Michigan's
Local Technical
Assistance Program

Presenters

Kelly L. Crannell, PE, is the local agency construction engineer for MDOT. She provides general oversight of construction administration documentation processes for projects within the Local Agency Program. She strives to enrich local agencies with opportunities to learn how to preserve federal aid, reduce project risk, and deliver successful transportation assets.

Channing Page performs field inspection duties for MDOT's Jackson Transportation Service Center. He also developed and instructs MDOT's Certified Office Technician course where he teaches office technicians how to work with construction inspectors and contractors to gather required project documentation for federal-aid projects. Channing is well versed in FieldManager and associated documentation guidance. He has been at MDOT for 30 years.

Michael Stoltz is the local agency-designated representative working at MDOT's Grand Rapids Transportation Service Center. With over 17 years of construction inspection and Office Tech experience, Mike is well versed in urban and rural project challenges. His extensive experience in federal-aid oversight requirements, as the Grand Rapids TSC Office Tech, makes him a valuable resource to local agencies.
