

Info Tech Update

Contract Management Conference

March 29, 2017

Ward Zerbe, Account Manager
Info Tech, Inc.

Corporate profile

- In business since 1977
- Develop, maintain, implement and support construction administration, Internet bidding and document workflow management solutions
- AASHTO Contractor
- Developer of FieldManager
 - Have worked very closely with MDOT
- Info Tech products and services for local government agencies and consulting firms
 - Mobile Inspector, Appia and BidExpress.com

FieldManager Contractor Update

- MDOT is in the process of implementing AASHTOWare Project Construction & Materials™
- Limited production
 - July, 2017 at the earliest
- Contractors will have direct read only access
- MDOT and MITA discussions
- Info Tech is considering technical solutions for replacement

Mobile Inspector

- Daily reporting app for smart phones and tablets
 - iOS, Android, and Windows 10 Tablet
 - Same look and feel
 - General site conditions, contractor workforce, item postings and attachments
- MDOT is using for many of their contracts

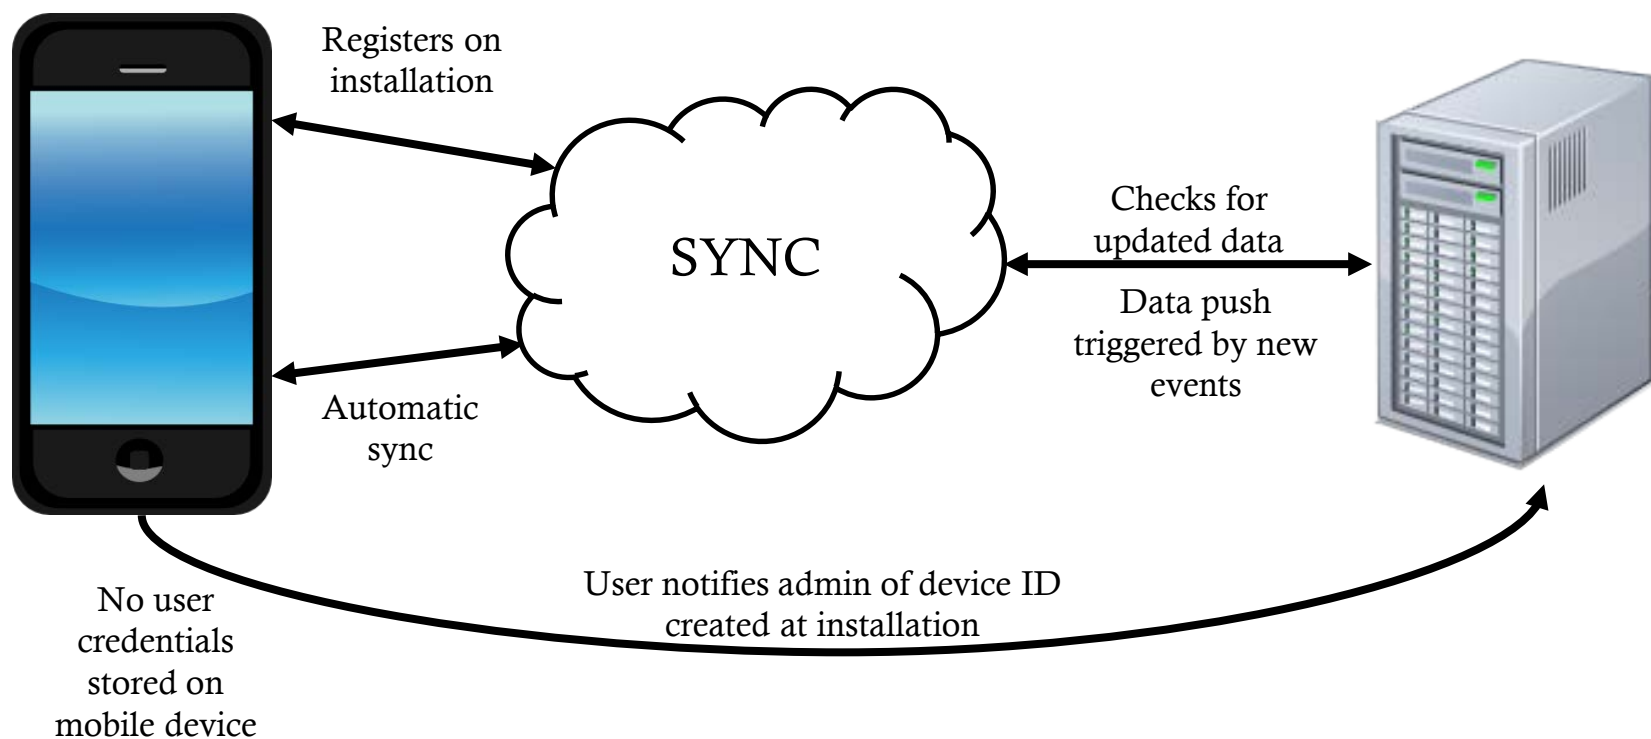

Mobile Inspector

- Works with a Construction Management System (CMS)
 - AASHTOWare Project FieldManager™ software
 - AASHTOWare Project Construction & Materials™ software
 - Appia
- Same app for multiple CMS
- MDOT is currently using Mobile Inspector

Mobile Inspector goals

- Keep it simple
 - Reliable, zero configuration, easy to install
 - Invisible synchronization to CMS
 - Minimal training, if any
 - Focus on main daily reporting use case
- On- and off-line
 - No difference to the user
 - Lock on device to send to CMS

Transparent Sync and Authorization

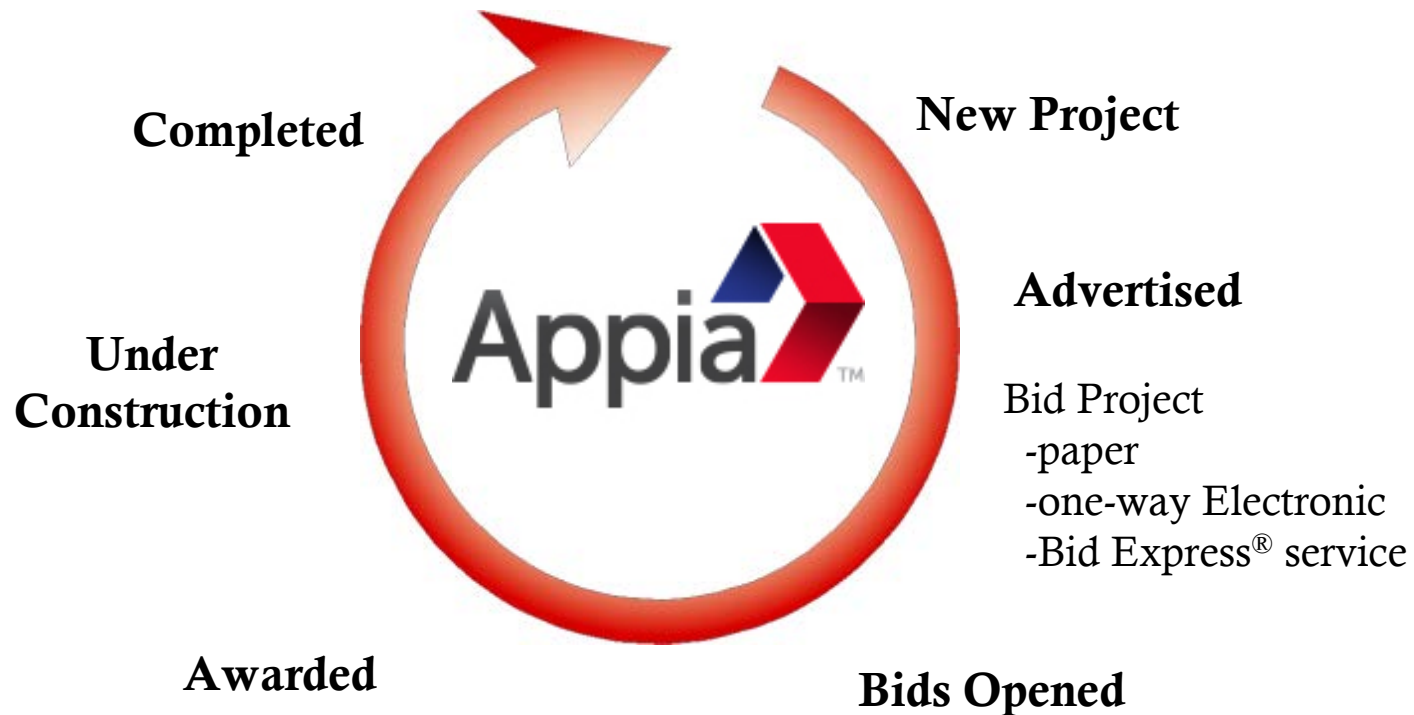

What is the Appia Service?

- Hosted web-based program for construction administration and inspection
- Comparable functionality to FieldManager
 - Real time access anytime, anywhere
 - No hardware or software to install
 - Mobile accessible
- Designed for locals and consultants for all types of projects

Appia Features

- Project imports and exports with Excel
- Fund source management and payment
- Daily reporting
- Item and material tracking
- Change orders
- Payments
- Built-in reporting, including query builder
- Mobile accessible

The Appia Project Lifecycle

Appia users and integrations

- Appia has users in 18 states
 - Many had used FieldManager previously
 - Detroit Metro
 - Option to use for non-DOT let work once FieldManager goes away
- Mobile Inspector is included
 - Same app used by MDOT
- Interfaces with Bid Express and has bid analytics available

What is BidExpress.com?
