Subsurface Waterproofing Membrane

ALCHEMCO is a global manufacturer of sub-surface waterproofing membranes used to protect concrete & masonry structures .

BridgeDECK Waterproofing Agent

Alchemco is a U.S.- based manufacturer of high quality concrete waterproofing products & systems, whose rapidly expanding presence currently includes over 30 countries on 4 different continents (North America, South America, Africa, and Asia).

Alchemco's BridgeDECK waterproofing products offer comprehensive concrete protection for bridges worldwide . Utilizing enzyme modified subsurface waterproofing technology, BridgeDECK provides a long-term solution that protects bridges from all angles, whether vertical, horizontal, or underneath .

In 2023, BridgeDECK Waterproofing Agent won the Innovative Product Award at the World of Concrete Convention in Las Vegas, taking both the 'Experts' Choice' and 'Industry Choice' awards .
